Quick Reference Manual 3423

CASIO

Congratulations upon your selection of this CASIO watch.

Bluetooth® is a registered trademark or trademark of Bluetooth SIG, Inc. of the United States.

Mobile Link Function

This product includes functions that allow it to communicate with Bluetooth® 4.0 (referred to as "Bluetooth" in this manual) capable mobile phones and other devices, to sound an alert tone, perform vibration alert, and display alerts when a phone call and/or mail is received on your phone, etc. (Mobile Link Function)

- This product complies with or has received approval under radio laws in various countries and geographic areas. Use of this product in an area where it does not conform to or where it has not been approved under applicable radio laws may be punishable under local laws. For details, visit http://world.casio.com/ce/BLE/.
- Use of this product inside of an aircraft is restricted by the aviation laws of each country. Be sure to obey instructions provided by flight personnel concerning use of devices such as this product.
- For Mobile Link operational procedures and a Q&A, go to the CASIO website below. http://world.casio.com/support/wat/ble/

Features

Your watch provides you with the features and functions described below.

◆ Communication with your mobile phone

Connect with a Bluetooth enabled mobile phone and communicate with it.
For more information, visit the "User's Guide for Mobile Link Functions" page at the CASIO website.

◆ World Time

Instantly view the current time in 100 cities around the globe.

◆ Alarms

The watch can be configured to sound a tone or vibrate when a preset alarm time is reached.

◆ Stopwatch

The stopwatch measures elapsed time up to 100 hours in 1/100-second increments. Up to 120 lap/split times can be recorded in watch memory.

◆ Timer

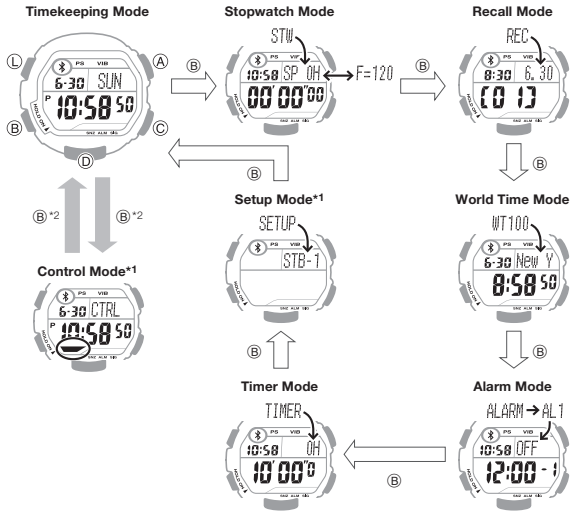

The timer counts down from a preset start time, and the watch sounds a tone or vibrates when the countdown reaches zero.

◆ Data Recall

Recorded lap/split times can be recalled for viewing.

Using Modes

Each press of Ⓑ cycles between modes as shown in the illustration below.

*1 For information about the Control Mode and Setup Mode, visit the CASIO website at: http://world.casio.com/support/wat/ble/.

*2 Hold down Ⓑ for about three seconds.

Specifications

Accuracy at normal temperature	: ±15 seconds a month
Basic Functions	: Hour, minutes, seconds; a.m./p.m. (P); 12/24-hour timekeeping format; Month, day, day of the week; Full auto calendar (2000 to 2099); Summer time setting
